

Dear Expo Attendees,

We are looking forward to a great Photography Expo in 2022 in downtown Little Rock! People often refer to a city's downtown as its heartbeat. Little Rock's is certainly alive and well and celebrating with much fanfare. This revitalized area has been one of the city's crowning jewels. Situated on the Arkansas River banks, downtown Little Rock is anchored by a beautifully restored and renovated Robinson Center Performance Hall and the William Jefferson Clinton Presidential Center and Park. In between, you'll find layers of history and heritage mixed with culture and contemporary style.

We are looking forward to a jam-packed weekend with hands-on training, keynote speakers, model shoots, an interactive trade show, and incredible networking opportunities.

It is a pleasure to meet everyone who attends our Photo Expo each year. Please feel free to contact me anytime if you have any questions concerning this incredible event. Check out our Photo Expo website: [www.bedfordphotoexpo.com](http://www.bedfordphotoexpo.com)

See you at the Show!
